

REACH Declaration of Conformity

Regulation (EC) No 1907/2006 (**Registration, Evaluation, Authorization and Restriction of Chemicals, REACH**) governs the control of chemical substances and mixtures manufactured or imported to the European Union. It requires chemical manufacturers and importers to gather information on the properties of their substances and to register that information with the European Chemicals Agency (ECHA) if the substances exceed 1 metric tonne per year, unless exempt.

REACH also requires suppliers of articles containing **Substances of Very High Concern (SVHCs)** to provide users with information for their safe use. SVHCs are chemical substances that pose significant risks to human health and the environment. They are subject to an authorization process managed by ECHA.

Based on the information obtained from our suppliers, and to the best of our knowledge, we designate that the products listed below comply with REACH regulations. Specifically:

1. None of the 253 SVHCs on the REACH Candidate List, as updated on Feb 04, 2026, exceed the 0.1% weight limit —except for products identified in our REACH Article 33 Communication:

<https://www.accobrand.com/compliance-center/eu-reach-compliance>

2. The compliance documentation can be provided upon request.

The statements in this document regarding our REACH compliance do not extend to, or apply to any product subjected to unintended contamination, misuse, neglect, accident, or improper installation.

Kensington Item Number	Product Description
K62539WW	BlackBelt™ Rugged Case with Integrated Smart Card Reader (CAC) & HDMI for Surface Pro 9, 10, 11th Edition with Intel

Signature:

Name:

Jennie Chi

Function:

Compliance Team

Date of issue:
